

Sprint 2

Week 1 Progress Report

Feature #4 — Add Manga to Library

Requirement #1

Add an **“Add in Library”** button on the **Detail Page**

→ Saves manga locally in the user’s device

Plan

- Retrieve:
 - `manga_id`
 - `image_url`
 - `description`
 - `number_of_chapters`
- Store data in **SQLite**

Feature #5 — Library Page

Requirement #1

Display a **list of added series** from SQLite

Requirement #2

Enable **navigation** using **Bottom Navbar**

Requirement #3

Design a **user-friendly UI**

Summary

- **Total Lines of Code:** 685
- **Burn-down Rate:**  **100%**

 All planned features for Week 1 are **completed successfully!**

Next Steps (Preview)

- Improve UI of Detail Page and Home Page
